**Chandler Center for the Arts
Donor Wall Request for Quote**

Background

Chandler Center for the Arts (CCA) serves as a leader of collaborative programming in Arizona. CCA enjoys the support of the City of Chandler (City), Chandler Unified School District (District) and is managed by the Chandler Cultural Foundation (Foundation), a 501c3 organization.

Located in the heart of downtown Chandler, the CCA serves more than 210,000 people annually. CCA presents local, regional, national and internationally recognized and emerging artists. The CCA also serves the greater Chandler community with District fine arts programs and City civic events.

Project

The Chandler Cultural Foundation is looking for an Arizona-based artist or artist team to design and project-manage a new donor wall in conjunction with the 30th anniversary of the Chandler Center for the Arts. The wall will be inside the arts center and is 8 feet high and 43 feet wide. The design should be able to honor past donors, encourage new donors, and allow space for growth. Design should incorporate the CCA's new brand and highlight distinct Chandler attributes. Projects that include technology or the ability for it to be added is a plus. The budget for the project is \$40,000, which will cover all costs for the project including, but not limited to design, materials, fabrication, travel and shipping, installation and project management.
