## Request for Qualifications

### Traffic control box vinyl wraps

**Deadline – Monday, August 4, 2025, at noon Mountain Standard Time**

## Description

The City of Chandler is looking for eight Arizona-based artists or artist teams to create digital artwork that will be printed and installed on metal traffic control cabinets along Frye Road. Frye Road serves as Chandler's cultural corridor, providing a key connection from the Chandler Museum and Chandler Fashion Center to bustling Downtown. While the City is primarily seeking digital illustrations, original work by photographers, painters, drawers, printmakers, and other 2D artists will also be considered.

For this project, selected artists or artists teams will work with an ASU student or students to come up with a concept and hone the idea into a final design. Artists will be supported by ASU staff and are expected to meet with students in-person at the ASU Chandler Innovation Center on two different occasions for brainstorming and design finalization. Preference will be given to artists who have not completed a traffic control box for the City of Chandler in the past.

Cabinet dimensions are on the following pages. Artwork should be designed to fully cover all faces of the cabinets and will be installed using vinyl adhesive wraps. Selected artists will be paid a stipend of \$1,500 per box, which will cover all design costs. Production and installation costs will be covered by the City.

**This is a request for qualifications, not a request for proposals.** We are only requiring examples of past work. The eight selected artists will be given additional information before submitting designs.

Qualification submissions are due by noon on Monday, August 4, 2025, and can be submitted digitally via the webform found here: <https://forms.gle/9EEHz2P4KkgSpwvo8>
